## COLOUR IN MEDIUMSHIP

Workshop

*“ Colour can speak to the soul in a thousand different ways ”*

Our world is a party of colour and all cultures are influenced by colour. Also in nature, we see colours and we as humans absorb the complete colour spectrum. Colours work deeply within, on every level.

In this workshop, we look at the possibility of working with colour in your mediumship. The Spirit World is a world of colour beyond our perception. And they love working with colour as one colour can give us so much information to work with as a medium. We will experiment with colour in different ways with the Spirit World and each other to give ourselves the opportunity to experience new ways of working with the Spirit World. If you wish to colour your mediumship in your own unique way, please join me on this colourful journey.

Don't miss your opportunity to join one of her impactful workshops and learn from one of the finest mediums and teachers in the field.

## IN THE PRESENCE OF SPIRIT

Workshop

*"Every moment in touch with the Spirit world is a change within you"*

Mediumship is not an exact science and there is no such thing as the perfect message. It is the Spirit World who helps you to unfold your mediumship. Nicole can help guide you in the process of unfoldment to bring you closer to your full potential in your mediumship. The practices which we will explore will bring a refreshing new approach to spiritual empowerment and a stronger link to Spirit.

This course is about going beyond the limitations we set ourselves, going beyond the boundaries of the mind to reach out to the power of the Spirit. This workshop is designed to help you to look at ways to improve your evidence in mediumship and build closer and more solid contacts with the Spirit world.

Nicole will offer you constructive advice on how to improve those areas of spirit communication and you will have various opportunities to bring this into practice in a safe environment within the group. If you wish to take your next step in your unfoldment, then join Nicole and be part of this wonderful workshop.
